Consultant and Service Businesses	\$500.00	\$665.00	\$1,165.00	N/A
Local Association	\$250.00		\$250.00	N/A
Individual	\$250.00		\$250.00	N/A

Assessable paving items on concrete pavement projects include:

- All PCC pavement – travel ways, ramps and shoulders, etc.
- Concrete flatwork on or adjacent to PCCP (curb and gutter, sidewalk, valley gutter, bikeways)
- Lean concrete (econocrete) bases under PCC pavement
- Concrete pavement restoration (CPR) including full and partial-depth patching, slab stabilization, grinding, grooving, joint and crack saw and seal, and retrofitting dowels and tiebars

* National assessment dues of \$0.85/\$1,000 of assessable work will also be collected by the chapter.

** National annual dues shown assume company works exclusively in a single chapter territory.

Project assessments are due 30 days after the end of each calendar quarter for the quantities completed in that quarter. See Board Policy Member Responsibility for Reporting Project Status (9-18-09).
